PROFILE

Full-Stack Developer with hands-on experience building scalable web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in Authentication and Authorization, and database optimization. Passionate about problem-solving and creating user-focused digital solutions.

EDUCATION

B.Tech in Information Technology, Government College Of Engineering Amravati
06/2022 – 2026 | Amravati, India

SKILLS

Frontend
HTML5, CSS3, JavaScript (ES6+), React.js.

Backend
Node.js, Express.js, RESTful APIs, Authentication.

Database
MongoDB, MySQL, Mongoose, Database Design, Query Optimization

PROJECTS

Job Portal API
Tech Stack: Node.js, Express.js, MongoDB, JWT, Mongoose

- Developed a Job Portal API using Node.js, Express, and MongoDB with secure JWT-based authentication.
- Implemented role-based access control for employers and job seekers, enabling job posting, management, and applications.
- Built RESTful APIs for job listings, search, and application tracking, ensuring scalability, validation, and clean error handling.

Hotel Booking Web Application
Tech Stack: React.js, JavaScript , CSS, HTML, React Router
- Built a responsive hotel booking frontend using React.js, enabling users to browse, filter, and view hotel details.
- Designed and implemented a booking flow with availability check and smooth state management for real-time updates.
- Focused on modern UI/UX with responsive layouts for seamless use across devices.

Car Rental Web Application 🔗
Tech Stack: React.js, Node.js, Express.js, MongoDB, Mongoose, JWT, Bcrypt, REST API
- Built a web-based platform where customers can browse and book cars, and owners can list and manage their vehicles.
- Added secure login, booking history, and car management features to ensure a smooth and reliable experience.
- Focused on creating a simple, user-friendly design that makes renting a car as easy as booking a movie ticket.

Portfolio Website
Tech Stack: HTML5, CSS3, JavaScript, React.js
- Built a personal portfolio showcasing projects and skills with smooth navigation and interactive galleries.
- Deployed globally for increased recruiter visibility.
